1) Charlie:

In pursuance of our conversation of 17 October, I believe it not in the best interest of the Agency to proceed with the one presentation for "wives and elder female dependents of Agency employees." We will be able to use the film in connection with Visitors Day, et cetera, and accomplish the same purpose, but the conditions by doing it in that fashion are more defensible and politically acceptable. Would you accordingly have rewritten the memo to the DCI MAG stating that the program, as they suggest, will again be rerun for Agency female personnel. Additionally, tell them it will be filmed and we will try to devise ways to have that film shown to the appropriate female dependent personnel.
